WORK EXPERIENCE

McCarthy Building Companies, Inc.

IT / AI Intern

St. Louis, MO

May 2026 - July 2026

- Built internal applications in Palantir Foundry to structure a product idea pipeline, bringing greater visibility, consistency, and traceability to how ideas move toward execution.
- Built and deployed AI agents in Glean and developed an agent demo featuring tool-calling and a Streamlit user interface.
- Laid the groundwork for an AI-based effort estimation tool to help forecast project scope and resource needs.
- Delivered a closeout presentation to the Engineering & Intelligence team, translating technical results for both technical and business stakeholders.

Joe's Schmoes

Mover & Packer

St. Charles, MO

August 2024 – August 2026

- Safely transported and strategically organized heavy furniture, boxes, and materials to ensure damage-free delivery.
- Installed furniture, desks, and chairs with precision, enhancing functionality and appearance in client spaces.
- Collaborated with team members to meet tight deadlines and consistently exceed customer service expectations.
- Adapted quickly to evolving project requirements, gaining hands-on expertise in professional moving techniques and cabinetry installation.

Elco Chevrolet

Porter (Seasonal)

Chesterfield, MO

December 2025 - January 2026

- Expertly relocated vehicles across the dealership lot to optimize display, service flow, and customer delivery.
- Enhanced vehicle presentation by performing thorough washes, detailing, and upkeep to maintain a pristine, showroom-ready condition.
- Fueled vehicles and completed pre-drive inspections, ensuring a seamless and professional customer experience

Face and Body Shoppe

Warehouse Specialist

Chesterfield, MO

July 2021 - January 2023

- Lifted, maneuvered, and efficiently stacked 40-pound salt bags to optimize warehouse storage and workflow.
- Wrapped pallets securely and coordinated loading into semi-trailers to ensure safe, on-time shipments.
- Processed and fulfilled orders for USPS, DHL, and UPS, maintaining accuracy and efficiency in high-volume operations.

TopGolf

Food Runner

Chesterfield, MO

January 2021 - June 2021

- Provided fast, accurate meal delivery with a focus on exceptional guest service in a fast-paced environment.
- Supported closing operations by cleaning, organizing, and resetting the kitchen to corporate standards.
- Restocked supplies and prepped workstations, ensuring the kitchen was fully operational for the next day's service.

SKILLS, ACTIVITIES, & INTERESTS

Skills: Experienced with Palantir Foundry, building AI agents, and developing AI-powered tools with tool-calling and Streamlit. Proficient in Microsoft Word and PowerPoint. Skilled in customer service, communication, and translating technical work for business stakeholders. Highly organized in fast-paced work environments.

Activities: Member of Lambda Chi Alpha fraternity; volunteer for Treehouse Pantry in Springdale, Arkansas.

Interests: Hands-on projects, team collaboration, and continuous skill development.
